

GrandSTAR™

The GrandSTAR™ floor model internet jukebox is sure to make a grand impression in any location. Bright, colorful flashing lights and a huge 19" touch screen will attract attention and encourage interaction. It's 1,000-WATT Studio Sound® amplifier and six speakers kick out a wide variety of music from AMI Entertainment. AMI provides complete operator control over the router and communication, whether using DSL, cable or a satellite up in the stars.

For more information about GrandSTAR™, contact your Rowe International distributor or visit www.RoweInternational.com.

POWERED BY
